# Advice to Customers

- PLEASE send in your orders early.
- PLEASE induce your friends to send their orders with yours.
- PLEASE give me ample time to fill your order carefully.
- PLEASE add enough to cover postage if ordered by mail.
- PLEASE write your name and address plainly.
- PLEASE give mode of shipment; express is recommended.
- PLEASE say if I can send other kinds for any out of stock.
- PLEASE register all letters containing money.

- WHAT I DO—Everything in my power to satisfy customers.
- WHAT I DO—Give my customers the value of their money.
- WHAT I DO—Offer best quality at lowest living prices.
- WHAT I DO—Guarantee safe arrival of goods by express.
- WHAT I DO—Rectify all just claims if made at once.

- WHAT I DO NOT DO—Guarantee crops. See "Disclaimer."
- WHAT I DO NOT DO—Offer anything I have no faith in.
- WHAT I DO NOT DO—Offer \$2 for \$1, because I could not do it honestly.
- WHAT I DO NOT DO—Substitute, unless given the privilege.
- WHAT I DO NOT DO—Guarantee goods sent by mail or freight.
- WHAT I DO NOT DO—Take responsibility for money sent in unregistered letters.
- WHAT I DO NOT DO—Not responsible for failure or shortage of crops, stock being exhausted when order is filled, or any accidents or delays in delivery beyond my control, and accept orders on those conditions only.

## WHILE I EXERCISE THE GREATEST

### CARE

To have all seeds, plants and bulbs, pure and reliable, I do not give any warranty express or implied. If the purchaser does not accept them on these terms and conditions, they must be returned at once, and the money that has been paid for the same will be refunded.

## TERMS OF PAYMENTS.

Accounts are due three months after the date of invoice to parties known to me. Those that I have not yet done business with a remittance is requested with the order.

**5 per cent.** discount allowed on all orders with **cash.**

# To the Florists of America:

With this, my second Wholesale Catalogue, I thank my numerous customers for their patronage, and again inform them that I have severed all active connection with the incorporated stock company of Pitcher & Manda, and have established myself in South Orange, N. J. I am well equipped to furnish you anything in the Horticultural line, Seeds, Bulbs or Plants. In this Catalogue I have only enumerated such kinds as are mostly used by the trade, but my General Catalogue will be sent to anyone applying for same, where you will find the most complete list of everything pertaining to Horticulture, and from which prices I allow liberal discount to the trade. As in former years I will do my best to give you satisfaction and retain the good will of the trade that I have always been favored with.

All correspondence, orders, etc., intended for me, please address to

Yours truly,

**W. A. MANDA,**

**South Orange, N. J.**

---

## DISCOUNTS.

• • •

Prices in this Catalogue *are net* except when cash is sent with the order, when I allow 5 per cent discount.

Anything not found in this list and ordered from my General Retail Catalogue, the **Pocket Garden Dictionary of Everything Pertaining to Horticulture**, which will be sent on application, I will allow following discounts:

**Flower or Vegetable Seeds**, by the packet, **50** per cent.

**Flower or Vegetable Seeds**, by weight or measure, **25** per cent.

**Flower or Vegetable Seeds**, in collections or assortments, **25** per cent.

**Plants and Bulbs**, single, **33** per cent.

**Plants and Bulbs**, by dozen or 100, **20** per cent.

**Plants and Bulbs**, in collections, **20** per cent.

**Trees, Shrubs and Vines**, singly, **25** per cent.

**Trees, Shrubs and Vines**, by dozen or collection, **15** per cent.

**Tools and Requisites**, **10** per cent.

**Books, Periodicals, etc.**, **10** per cent.

Special prices given on any article, quantity or quality. Read Terms of Payment before ordering.

## IMPORTATIONS.

I import, at the different seasons of the year, goods from all parts of the world, either collected in their native habitat, or grown in the most favorable climate and under the very best conditions, so that the best results are assured. In the first place, the quality obtained is the very highest, while, on account of the simplified culture, the price is very moderate, which makes this class more and more popular every year.

### BERMUDA

furnishes the *Lilium Harrisii* and other miscellaneous products. I have already received a fine importation of extra selected bulbs of the Lilies, and which I offer at the following standard prices:

	Per doz.	100	1000
<i>Lilium Harrisii</i> , 5-7.....	\$0 50	\$2 75	\$25 00
“ “ 7-9.....	85	6 00	50 00
“ “ 9-11.....	1 75	12 00	115 00
“ “ 11-14, very large....	5 00	45 00	.....

### IMPORTATIONS FROM GERMANY.

The leading article imported from that country is extra selected **Flower Seeds**, a selection of which will be found on pages 11 to 15, consisting of all those kinds that should be sown at present, while on Vegetable Seeds I would be pleased to give special quotation on any quantity or kind desired.

In bulbous plants, the most important article which I offer is **Lily of the Valley, Extra Selected Berlin Crowns for Early Forcing**, at \$10.00 per 1,000, or a case of 2,500 for \$23.75.

**Fine Hamburg Pips**, for late forcing, at \$9.00 per 1,000, or in case of 2,500 for \$22.00.

### JAPAN AND CHINA

are the countries of the Lily, Iris, Maples, Cycas, Rhapsis, and Chinese Sacred Lilies, of which I offer below the leaders, while the various kinds will be found in the collection of Bulbs.

“ “ Dark Rose.....	1 50	14 00
“ “ Light Rose.....	1 50	14 00
“ “ Canary Yellow....	4 00	
<b>White Italian Hyacinths</b> .....	2 75	22 50
<b>Narcissus Paper White</b> .....	1 00	8 00
“ “ “ grandiflora....	1 25	10 00
“ Trumpet Major.....	1 50	12 00
<b>Lilium candidum</b> , large bulbs.....	2 50	20 00

#### Lilac for Forcing.

Fine strong plants especially grown for forcing, with good buds.

	Per doz.	Per 100.
<b>Charles X</b> .....	\$5 00	\$38 00
<b>Marley</b> .....	5 00	38 00

#### HOLLAND,

which is the leading Bulb producing country, furnishes Hyacinths, Tulips, Narcissus, Lilies, Crocus, Spiræas, and various other bulbs, which will be found fully described and priced in this catalogue.

*The best Fern to grow: the "HARDY FARLEYENSE."*

## AUSTRALIA.

From Australia I import Palm Seeds, such as Kentias, some Arecas, etc., Zinnias, Tree Ferns, and such plants which are generally offered upon arrival, a special list of which will be sent to anyone desiring the same.

## AMERICAN CULTURE.

In a large country like this, stretching from ocean to ocean, and embracing all the climates from perpetual snows to perpetual summers, of late years many Bulbs, Plants and Seeds have not only been grown for home culture, but have been exported also, of which I offer the most important kinds below.

	Per 100	Per 1000
<b>Tuberose</b> s, double pearl, 4 to 6 inches.....	\$1 00	\$8 00
<b>Freesias</b> , 1st size .....	40	3 50
"    mammoth*bulbs.....	60	5 50
<b>Calla Lily</b> , good Bulbs.....	6 00	

Various **Flower Seeds** and various **Vegetable Seeds**, prices on application. **Native plants** of all descriptions. **Grass and Clover Seeds**, prices on application.

## HYACINTHS.

	Per 100	Per 1000
<b>Roman Hyacinths</b> , white, 11 to 12.....	\$1 75	\$16 00

## CHOICE FLORISTS' FLOWER SEEDS.

### For Immediate Sowing.

From my personal experience I know the great importance of purity and high grade of stock. Therefore, I make it a special feature to handle only the very best strains. Purchasers may have every confidence in the quality of the seed I offer, and in ordering should order the best quality.

### Pansies, Show.

Below you will find a list of the very finest of show pansies of incomparable size, beauty and luxuriance, especially my finest mixture.

In this mixture I have spared no pains in securing the finest strains and mixing carefully, only using those which I knew would give the best results. For size, coloring and abundance of flowers, this strain has no equal. They do best in summer in a cool, moist situation. Highly recommended for indoor culture in the winter.

<b>Trimardeau or Giant Pansies</b> , enormous flowers, extra.....	25
One packet of each of the above 10 kinds for	\$1.85.

### Pansies, Bedding.

These differ from the above in their flowers being smaller, but they are produced in greater profusion. They form bushy plants covered with bloom, and are better adapted for bedding, as the color of the flowers is mostly solid in this class, and they are therefore better able to stand the sun than the fancy forms of the show pansies.

**CINERARIA.**

One of the most beautiful spring flowering plants for greenhouse or conservatory decoration.

When well grown the flowers measure about two inches across, and cover the plant with a mass of bloom. Sow in late summer in a light compost. When large enough transplant in small pots and shift as required. They do best when kept in a cool place, and will do well in a frame protected from the frost.

	Per pkt.

One Packet of each of the above 4 kinds for. ....	1 50

**CALCEOLARIA.**

Beautiful plants for greenhouse and conservatory decoration.

The curious pocket-shaped flowers are borne in the greatest profusion during the spring and summer. They vary greatly in color; some are self-colored, while others are beautifully spotted and blotched. Sow in late summer in shallow pans; transplant in thumb pots and shift as required. They like a cool situation, and will do well in a frame protected from frost.

*Try some of the "HARDY FARLEYENSE."*

**VEGETABLE SEEDS.**

I grow large quantities of all the leading Vegetable Seeds, and will be pleased to quote low prices on application.

**PALM SEEDS.**

I am ready to book orders for Palm Seeds and deliver same as soon as received from the collector. It is of great importance that Palm Seed should be fresh, otherwise it will not germinate, and, on that account, I never keep any on hand.

	Per 100 seeds.	Per 1000 seeds.

**GRASS SEED.**

I can furnish all the different Grass and Clover Seeds at current market prices, which I will give on application. I wish to draw special attention to

**Manda's Universal Lawn Seed Mixture**, which is specially prepared, and gives the best results.

**Ordinary Lawn Grass Mixture**, per quart, 10c.; per bushel, \$2.50.

**Mauda's Universal Lawn Seed Mixture**, per quart, 15c.; per bushel, \$3.50.

*Best for Fern Dishes: the "HARDY FARLEYENSE."*

# MY OWN CULTURE.

The following articles are a few of the large assortment that I grow, which, if they were all catalogued, would make a book in itself.

Most of these are enumerated and described in my "Pocket Garden Dictionary," which will be sent on application to any one, and from which I allow a liberal discount as is stated in the front of my book.

Here I am enumerating simply such articles as are largely wanted by the Florists' trade, and which I grow in large quantities to supply the increasing demand. I would be pleased to quote prices on anything you may need in my line, and therefore do not lose a customer by saying that you have not the plant, but write to me and I can supply you in most cases.

I have the second largest collection of horticultural goods in the country, and therefore can fill almost any order.

## PALMS.

I have a very fine stock of Palms, comprising over thirty varieties, which have been grown cool, and are in good strong healthy condition. I have listed below the varieties that are most useful for Florists, and will be pleased to quote prices on any other variety on application. Measurements are taken as the plant stands from the ground.

**PALM SPECIES (Japan).****CHAMÆROPS FORTUNII (True).**

I have received a grand importation of this Palm direct from Japan, and can strongly recommend it to Florists on account of its hardiness. The plants are 12 to 20 years old.

Nice plants, 12 to 15 inches high, 5 inch pots....\$1 50 each.

“ 15 to 18 “ 6 “ .... 2 00 “

**CARNATIONS.**

I grow all the leading kinds of Carnations, and can furnish strong field-grown plants at very reasonable prices, in the very finest varieties, such as **Wm. Scott**, **Lizzie McGowan**, **Storm King**, **Helen Keller**, **Portia**, and all others. Price on application.

**CHRYSANTHEMUMS.**

I have a complete collection of all the best and tested varieties, and can furnish stock plants from 25c. to 50c. each. Fine lot of Chrysanthemum, “**Philadelphia**,” good strong stock plants, 50c. each; \$5.00 per dozen.

**VIOLETS.**

Florists who have failed to grow their violets are advised to send me the number of plants they need, and I will quote low prices for clean, healthy stock.

*The most profitable grower: the “HARDY FARLEYENSE.”*

## ORCHIDS.

Beautiful beyond description, keeping well long after being cut and of easy culture, has brought the Orchid into great demand as a cut flower, and no florist should be without them. Not only are they sold to the customer, but they act as a great advertisement, and a two dollar Orchid in flower will attract more attention than anything you can have in the store or greenhouse. The prices of this fine class of plants vary according to size. Below are listed the best varieties for florists' use.

	Each.
<b>Cattleya intermedia.</b> Free-flowering species .....	\$1 50

## HARDY HERBACEOUS PERENNIALS.

With a good assortment of Hardy Perennials, flowers can be had from early spring until frost cuts down all vegetation. For florists this class of plants is invaluable. Once planted they need very little care. I make a specialty of Hardy Herbaceous Plants, and devote a large tract of land to their culture. A visit to the nursery during summer will be sure to be of interest.

**THE HARDY FARLEYENSE.**

(SEE INSERT).

**New Coleus.**

This fine new class of large-leaved Coleus was originated by me. Each plant is of sterling merit, and when taken as a whole collection, they range in color from the lightest to the darkest shades. When grown in pots, their fine, large, gorgeous-colored foliage makes them fine plants for greenhouse or conservatory decoration.

**Huss, J. F. (Manda).**—Compact grower, with large foliage of a rich velvety crimson, purple and yellow edge.

**Griffin, Wm. (Manda).**—Grand, massive foliage of a rich velvety purple.

**Johnson R. (Manda).**—Pure yellow with white veins; very effective.

**Meredith A. P. (Manda).**—Gigantic growth, enormous foliage, reddish purple and green.

**Norman E. (Manda).**—Compact yellowish white with green edge; very beautiful.

**Wingate, A. H. (Manda).**—Medium grower, large foliage, beautiful marbled and intermixed with white pink, deep purple and green. Price, 15 cts. each; \$1.50 per dozen.

Read well the insert of "HARDY FARLEYENSE."

### **Bougainvillea Sanderiana.**

This is a fine dark variety of the popular *B. glabra*, having the additional merit of flowering in a very small state, so that two or three-inch pot plants are covered with its showy bracts. Price, young plants, 30 cts. each.

### **The Imperial Collection of Japan Iris.**

I have been fortunate in securing a magnificent set of 50 different varieties of Japan Irises, which have very fine large flowers, which measure 9 to 10 inches in diameter, and embrace all the colors obtainable in Irises. I offer same at the very low price of 15 cts. each, or the complete set of 50 varieties for \$7.00. Strong clumps, as originally imported, 30 cts. each, or \$14.00 for the complete set of 50 varieties. Try them and you will be satisfied.

### **Ivies.**

#### **20 Varieties for only \$1.75.**

This collection embraces all the distinct types of this beautiful plant, which is hardy in most States if given a northern exposure, and are as vigorous as the common English ivy. Try a set and you will be pleased.

### **New Hardy Rose, Crimson Rambler.**

This suburb novelty is of the Polyantha class and is of Japanese origin. The plant is of vigorous growth, making shoots eight to 10 feet long. For covering trellises, or as a pillar rose, it cannot be excelled. It is also magnificent in bush form.

The flowers are produced in large pyramidal trusses, and in color are of the most brilliant crimson, lasting in perfection for two weeks with their freshness of color unimpaired. Field-grown strong plants, 30 cts. each; \$3 per doz.; \$24 per 100.

### **New White Anemone Japonica,**

#### **"Lady Ardilaun."**

One of the most remarkable novelties introduced for many years. It is distinct at a glance from the old variety, having much larger foliage, stouter stems, greater heads, flowers much larger, petals of more substance and altogether pure waxy white, overlapping almost to the points. In addition to this there are double rows of petals symmetrically arranged, forming a complete flower of great attractiveness. Price, nice plants, 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

---

*Try some of the "HARDY FARLEYENSE."*

**New Anemone Japonica, "Whirlwind."**

This is a semi-double white variety of this well-known plant. It has the same habit and free-flowering qualities, while the almost double character renders it more lasting when cut. A plant that should be in every collection of hardy plants. Price, 2-inch pots, \$8 per 100; 3-inch pots, \$12 per 100.

**Coreopsis lanceolata, "Harvest Moon."**

A grand improvement on the well-known species, and one that should be in every collection of Hardy Plants. The habit and flowers are much larger and stronger. Well adapted for cutting purposes. \$1.25 per 10; \$10.00 per 100.

**Helianthus Bouquet d'Or.**

A grand novelty of the popular double hardy sunflower. The habit of the plant is same as *H. multiflorus plenus*, but the flowers are of a fine deep golden color, while the petals are finely imbricated, giving the flowers the appearance of an aster. Plants, \$3.00 per doz.; \$18.00 per 100.

**Hieracium villosum.**

This is a fine addition to hardy perennials. The plant is of a neat and compact habit, with oval white downy foliage, and large double flowers on stems one foot high. Perfectly hardy and of easy culture. Price, \$1.80 per doz.; \$12.50 per 100.

**Iberis Sempervirens Superba.**

A grand variety of the popular perennial Candytuft. It has stronger growth, larger and broader foliage, while the flowers are in large umbels and superior substance. One of the finest of our early flowering hardy plants. \$1.80 per doz.; \$12.50 per 100.

**Leontopodium alpinum, "Edelweiss."**

A grand hardy plant which has become very scarce owing to its being greatly sought after by travelers in the Alps. Growing as it does on very inaccessible places on the Alps, many persons have lost their lives trying to procure it.

The flowers, which are white, are very beautiful, and if pressed after being cut will retain their former color and form. \$1.50 per doz.; \$9.00 per 100.

---

*The best Fern to grow: the "HARDY FARLEYENSE."*

### **Spiræa astilboides floribunda.**

This grand new plant is as useful for forcing as for herbaceous border. It is in the same relation to *S. astilboides* as is *S. japonica floribunda* to the common *S. japonica*. The plant is compact, furnished with numerous spikes closely set with pure white flowers. A plant I can strongly recommend. Per doz., \$2.00; \$16.00 per 100.

### **Pansy, Cardinal.**

The idea of every pansy grower is to grow a Scarlet Pansy. With this variety I am able to offer the nearest approach to it. The color of the flower is not the true scarlet like it is found in Geraniums, etc., but it would properly be called a brownish-scarlet. It represents the brightest color in Pansies grown up to to-day. The flowers are as well of good size as substance and perfect form. The three lower petals are marbled with a large dark blotch. Per trade packet, 50c.

### **Cineraria Hybrida Nana Grandiflora.**

#### **"ATRO-SANGUINEA."**

The large and well-formed flowers of this new *Cineraria hybrida nana grandiflora* are of a very brilliant dark, blood-red color. The plant is very compact and dwarf in growth. A new constant hybrid of first rank. Per trade packet, 50c.

### **Special Offer of Pæonies.**

I was fortunate last year in purchasing an enormous lot of Pæonies, comprising some forty of the most beautiful varieties, which are all mixed together. These I offer in nice roots at the following low prices: 15c. each; \$1.50 per doz.; \$11.00 per 100; \$100.00 per 1000.

### **PURE SHEEP MANURE.**

I am greatly pleased to say that I have secured a large quantity of the very best sheep manure, perfectly pure and unadulterated, free from all straw or litter of any kind, which is generally found in most of the other grades.

I can safely say that it is the finest quality offered in the market. There is nothing can equal this manure for greenhouse purposes, such as top dressing roses, carnations, chrysanthemums, or any other plants that are strong feeders.

And there is nothing better for mixing through potting soil or for making liquid.

It is also the finest manure for top dressing lawns or for the manuring of fields or gardens.

In all respects it is par excellence. For top dressing greenhouse plants use equal proportions of manure and good loam. For mixing through potting soil use one part manure to nine parts loam. For making good liquid use about ten pounds to the barrel. For lawns, fields or gardens use about one pound to ten square feet, or two tons to the acre. 25 lb. bag, 60 cts.; 100 lb. bag, \$2.00; per ton, \$28.00.
